

AGM 2025

Team 1 BC

- BC is in good shape with 82 active requests and 82 completed requests for 2025
- Met with several Representatives this Spring, delivered donated thread and some batting
- We have one new Rep and several very dedicated Reps throughout the province
- Victoria has an abundance of requests and a shortage of presenters. Lisa suggested I put out a call for volunteers on our Facebook page and it worked out very well with at least 3 possible presenters in areas where the need was greatest.
- Shortage of long arm quilters is an ongoing issue in some areas and the Reps are really good at sharing resources.
- Northern BC is the biggest challenge, we have had the good fortune of an Alberta Rep who was travelling over Christmas and provided and presented 5 quilts on our behalf. I have made some contacts in Fort St. John that I hope will garner a presenter and perhaps a Representative or Team Leader, I recently sent 4 quilts up to be presented at the local Legion, I will follow up with the Legion President this week.
