

AGM Report

Team 1

Team 1 got 6 new volunteers this year. Mainly in the Victoria area. This has started clearing up the backlog. With the Victoria having a RR now I expect to see more quilters in 2025 and this will enable things to improve. We currently have 115 requests active. This seems to be the normal for team one.

I'm looking for a RR or presenter for the Vancouver area. We need more volunteers for that area.

Overall, BC is in good shape

Team 10

I took over Team 10 1 July 24. Since July we have presented 59 quilts. Most of those are from 2023 requests. At this time I have most of the 2023 requests done across the province. I have a big presentation in the works for Quebec City and area. There are 43 outstanding from 2023 and that will be done over 2 days. If all goes well I will go into 2025 with all the request prior to 2024 will be completed.

I have 5 new presenters across the province now and 2 new longarmers, a few more quilters and more tops being donated. If this continues Quebec will be in good shape in 6 months.
