

Report for QOVC AGM

October 2024

We have completed 42 presentations this year to date all across the province.

Only a couple left from 2023. Trying to track a couple down and one will be held until spring at recipient's request. 2024 requests progressing well. Plans to get two more distance ones done before snow arrives and then will be working on local ones over the winter.

Have several tops completed but access to longarming or quilters is at a minimum. Cost and distance remain barriers.

Very good support from provincial guilds and individuals who contribute quilt tops and completed quilts to our organization.
