

A growing year for New Brunswick PEI. Tackling our backlog and got a good bite into it. We have 2 new representatives, 10 new presenters around the provinces. Also adding two sew days across the province will soon have 3 which enables us to have more quilts. Been successful with the Rotary Clubs getting donations with more clubs to visit and ask. Had a great day presenting the 40 quilts that Kates Quilt shop made, added with a few from my collection from across Canada on Sept 27 by making the largest presentation of Quilts in Canada all Lisa Compton's idea. Got good coverage from Global news. Did close to 50, 4 did not show up. Within a week of the presentation, I think I had 20 new requests. Two that cross my mind that I presented over the year, were a 100 year old WWII veteran and a 94 year old that were very appreciative and emotional to receive their quilts. I have to say this I am involved in a lot of volunteer activities and groups but none of them gives me the pride and emotions than presenting the Quilt of Valour does.
